Armed with new information, you and Muh-Dib wait in the council room for details of your next mission. As the council leader Tumack Baadatsol walks in, a large disc in the center of the room springs to life.

"We are concerned about some activity and would like you to conduct a reconnaissance over these regions."

A few markers appear on the hologlobe and you inspect each of the maps.

- Namibian nationalist visited the Sultan of Morocco in exile at his island home.
- The Sultan encouraged young Peruvian aviator to soar to greater heights.
- American aviator “Speed Queen” flew 7000 miles to join New Zealand's pioneer aviator on a great circle tour around Mont Orohena.
