

### Solution for 3.3 Coupling (Answer = SEXLESS)

The letters that appear exactly twice are H, Y, D, R, A, N and T. Solving it as a connections (coupling) problem, then taking the middle letters with the order corresponding to the word HYDRANT gives:

E	X	C	L	U	S	I	O	N
X	H	Y	U	C	<u>E</u>	X	I	Y
C	S	L	O	I	<u>S</u>	L	U	E
L	O	I	U	X	O	I	<u>S</u>	X
U	E	<u>X</u>	C	S	D	R	L	H
D	R	C	O	<u>L</u>	E	X	C	O
E	I	N	<u>E</u>	I	U	A	T	I
S	A	U	O	T	O	<u>S</u>	X	L
O	I	S	U	L	C	X	E	C
