

Solution for Meta - The Pentagon (Answer = THOMASSIDNEYENGINEERBABELTENNIS)

The order of filling in the grid is intuitive and is confirmed by the first hint. The next thing is to realise that CLUES really means "C-L-U-E-S" or {3, 12, 21, 5, 19}. Thus "ROTATE BY CLUES" means "rotate innermost circle by 3, second circle by 12, and so on". The only catch is these rotations are done anti-clockwise. This gives rise to their respective grids:

Looking back at the compass image, five words can be found to the left of the needles: THOMAS, SIDNEY, ENGINEER, BABEL and TENNIS. This can then be overlaid on a standard campus map:

which gives the final location, the well at the courtyard of Old Geology.
