

Solution for 3.1 XXXX (Answer = ALGERIA)

XXXX here stands for forex, so looking up [ISO 4217](#) currency codes gives the following list:

Code	Country
USS	U.S.A.
CLE	Chile
LRD	Liberia
USN	U.S.A.
CAD	Canada
CHW	Switzerland
CLF	Chile
MUR	Mauritius
ALL	Albania
SAR	Saudi Arabia
KES	Kenya
ALK	Albania

Tracing the paths from one country to another spells DZD on a map:

Looking up on ISO 4217 again, DZD turns out to be the code for the Algerian Dinar.
