

## Solution for 2.2 mX Talk (Answer = MEDIC)

The first letters of the names used in each column spell the phrase EPISODES OF SERIES HOUSE MD. In addition, in the bottom-left, the first letters of the names, suburbs and occupations spell NUMBER and LETTER, alluding to the necessary alphanumerical conversion.

Hidden amongst the text are the names of [House M.D. episodes](#), which when converted alphanumerically, spell the phrase FIND MY SCRUBS:

Episode name	No.
Socratic Method	6 (F)
DNR	9 (I)
Control	14 (N)
Maternity	4 (D)
Cursed	13 (M)
Humpty Dumpty	25 (Y)
Kids	19 (S)
Razor	3 (C)
Babies & Bathwater	18 (R)
Three Stories	21 (U)
Paternity	2 (B)
Kids	19 (S)

This then alludes to hidden names of [Scrubs episodes](#) which when converted alphanumerically (though using each season's episode numbering this time) spells THE ANSWER IS **MEDIC**:

Episode name	Season & No.
My Lunch	5.20 (T)
My Last Change	4.08 (H)
